

GLOBAL CONTEXT COURSE SUGGESTIONS

**Supplement to European Countries and Regions

All business administration and accounting majors are required to fulfill the Global Context requirement as part of their major coursework. The following list of courses is provided to assist students in choosing an area of study and specific classes to fulfill this requirement.

Please note that course offerings change each term, and, therefore, this list is not all inclusive.

Many departments will offer 199, 399, 407, or 410 courses on a specific topic, which may pertain to your area of study.

To fulfill the Global Context requirement for the Lundquist College of Business, students must:

- Choose three classes on ONE specific country or region other than their native country.
- Choose courses that are at least a three credit course.
- List foreign language courses that are 200-level or higher.
- Alternatively, students studying abroad through a UO program in one country for six weeks may have the Global Context requirement waived with pre-approval from an academic advisor.
- Students interning abroad for academic credit for six weeks or more may have the Global Context requirement partially waived with pre-approval from an academic advisor.

Students with questions should contact an advisor. Students must submit their plans for approval, even when picking courses from this list.

*Students may use **ONE** class from the following list in conjunction with two courses from one of the European countries/regions listed above.*

EURO 415	European Union History
GEOG 202	Geography of Europe
HIST 301-03	Modern Europe
HIST 420	The Idea of Europe
HIST 425	Economic History of Modern Europe
HIST 427	Intellectual History of Modern Europe
HIST 428	Europe in the 20 th Century
HUM 260	Postwar European Culture
PS 324	European Politics
PS 475	Politics of the European Union

****This is not a standalone category. Three courses on Europe in general will not fulfill your global context.**
